

Twenty One Pilots - Whisper

Tom: C

C F
A brave man said,
"You put a name to a song
And it won't change no matter what goes wrong."
I'll try my best to find a face and a name
I'll sing until we both are one and the same

Didn't have much time to see why I was found
Had to say goodbye
As time ran out
Sail across the world
Just to find a pearl
On the other side
Hope the pearl won't forget this song
And won't forget the sky

Am G
I don't know what I should give,
Or what I'm to sing
Am G
All I can do is give you this
And let my heart play
C F
I know your face

C G
Let this song whisper your name

A song is not much time to show
How beautiful you are
But I will sing a song to your heart
Am G
I don't know what I should give,
Or what I'm to sing
Am G
All I can do is give you this
And let my heart play
C F
I know your face
C G
Let this song whisper your name

Am F C G
Oh yeah, oh yeah, yeah x2
