Tom: C  
Intro: C

We were thrown together, like some backyard party  
Who'd a known forever, could'a come from harley, no  
And what looks like love, and what feels like summer to me  
Hey  
C  
And we made new discoveries in the crowd backseat  
Of a two door camry, and we left with barely a heart, a piece  
Just one heart a beating between us

Take each other, to have and hold on to
