tom:  
 G  
 [Primeira Parte]

A  
 This could be the last time  
 E  
 That could be the fault line slipping away  
 A  
 This could be your last line  
 E  
 Care about everything you say  
 A  
 This might be the last ride  
 E  
 Every road could fall right under our feet  
 D  
 I'm sinking to the ocean  
 E  
 This will be a lost street

[Pré-Refrão]

D E  
 When you open your eyes it's like  
 B  
 Nothing's real  
 D E  
 When you open your eyes it's like

[Refrão]

D  
 Saturdays  
 E  
 When we dance in the dark in the room  
 A  
 Where it all gets real  
 Gbm  
 I know you know how it feels  
 D  
 Saturdays

 When the moonlight lit up your face

 And let love spark  
 ( D E )

 Making my chrome heart sick  
 D  
 No one could make me stay  
 E  
 No one could make me sit  
 A  
 Maybe we're a fault line  
 E  
 Maybe we're a phone line ready to break  
 D  
 Maybe you're a time bomb  
 E  
 I don't care what your boyfriends say

[Pré-Refrão]

D E  
 When you lift up your head it's like  
 B  
 Nothing's real

 D  
 In the bright lights, did it fade?  
 Gbm  
 We were heavy

We were sideways  
 E  
 When we danced in the dark over my place  
 E  
 If it's my face you remembered  
 D  
 From all the Sundays in the summer  
 Gbm  
 Then you'd know there was so much more than a spark  
 E  
 Enough to make me run and follow you in the dark

[Refrão]
