

Two Feet - Her Life

tom:

Everyday she sees her life
 Fade away, and pass her by
 What can she do?
 What can she do?
 Wants to leave her lonely town
 Wants to go and fuck around
 What can she do?
 What can she do?
 It's her life
 It's her life
 It's her life
 It's her life

It's her life

Wants to quit all of her jobs
 Sell her house and move along
 What can she do?
 What can she do?
 Lives in dreams and self-told lies
 Sees the world through jaded eyes
 What can she do?
 What can she do?
 It's her life
 It's her life
 It's her life
 It's her life
 It's her life
