

Ty Herndon - Dont Tell Mama Was Drinkin

Tom: Gb

(com acordes na forma de F)
 Capotraste na 1ª casa
 CAPO I

Verse 1

I was headed north on highway 5
 On a starlit summer night
 When a pickup truck flew by me out of control
 As I watched in my headlights
 He swerved left and then back right
 He never hit the brakes as he left the road

Verse 2

I found him lying in the grass
 Among the steel and glass
 With an empty whisky bottle by his side

Through the blood tears
 He whispered in my ear
 A few last words just before he died

Chorus

Dont tell mama I was drinkin
 Lord knows her soul would never rest
 I cant leave this world with mama thinkin
 That I met the lord with whiskey on my breath

Verse3

I still think about that night
 And how that young man died
 And how others sometimes pay for our mistakes
 The last thing on his mind
 As he left this world behind
 Was knowing someone elses heart would break

Chorus

Acordes
