

# Tyler Childers - I Swear (To God)

Tom: E

E  
I only had a couple drinks last night  
And few good hits from a antler pipe  
A  
And I must admit i had a few white lines  
E  
And I don't know what all happened

I woke up in the noon time light  
With a poundin' head, shiner on my eye  
A  
And I don't know how and i don't why  
E  
But it feels like fierce abandon

B7 E  
Ah, working on a buildin' out'a hand-hewn brimstone  
B7 E  
Workin' on a buildin' and I'm buildin' on it all alone  
A  
Well there ain't nobody in my room tonight  
Goodnight honey, honey sleep tight  
E  
Ma i swear I'm doing alright  
B7  
When the evenin' comes around  
E  
I swear to god

E  
Pay no mind to the words I say  
E7  
Cause they ain't no count anyway  
A  
I been ramblin' around and led astray  
E  
By the paths that I been choosin'

Cuttin' paths like a forest fire  
E7  
Pupils wider than backhoe tires  
A  
Throwin' my money on a funeral pyre  
E  
But it sure feels good abusin'

B7 E  
Ah, working on a buildin' out'a hand-hewn brimstone  
B7 E

Workin' on a buildin' and I'm buildin' on it all alone  
A  
Well there ain't nobody in my room tonight

Goodnight honey, honey sleep tight
