

## U2 - Always (B-side)

Tom: D

You don't need a capo (yeah!). And use a hard pick!

-----

Here today  
 And gone tomorrow  
 Crack the bone, get to the marrow  
 To be the bee  
 And the flower  
 Before the sweetness turns to sour

What we have we're gonna keep... Always  
 What we've lost we don't need... Always  
 What is it that won't let you sleep... Always

Be the arrow  
 And the target  
 Put your head over the parapet  
 Be uncool  
 Yes, be awkward  
 And don't look in the obvious place  
 The soul needs beautiful a soul mate

Get down off your holy cloud... Always

God will not deal with the proud... Always  
 Well if you dream then dream out loud... Always  
 Eternally yours... Always

I want you  
 I want you  
 I want you

Touching the other side  
 I wanted to be in love  
 I wanted to come

You say come to know yourself... Always  
 Don't find yourself in someone else... Always  
 And always wear a safety belt... Always  
 Wait for me I'm running late... Always  
 This is the moment that we share... For always  
 Turn each song into a prayer... Always

Now and forever  
 For always  
 For always  
 For always  
 For always  
 For always...
