

U2 - Always (B-side)

Tom: D

You don't need a capo (yeah!). And use a hard pick!

Here today
 And gone tomorrow
 Crack the bone, get to the marrow
 To be the bee
 And the flower
 Before the sweetness turns to sour

What we have we're gonna keep... Always
 What we've lost we don't need... Always
 What is it that won't let you sleep... Always

Be the arrow
 And the target
 Put your head over the parapet
 Be uncool
 Yes, be awkward
 And don't look in the obvious place
 The soul needs beautiful a soul mate

Get down off your holy cloud... Always

God will not deal with the proud... Always
 Well if you dream then dream out loud... Always
 Eternally yours... Always

I want you
 I want you
 I want you

Touching the other side
 I wanted to be in love
 I wanted to come

You say come to know yourself... Always
 Don't find yourself in someone else... Always
 And always wear a safety belt... Always
 Wait for me I'm running late... Always
 This is the moment that we share... For always
 Turn each song into a prayer... Always

Now and forever
 For always
 For always
 For always
 For always
 For always...
