Main Bass Line throughout Song

A I-----3 --0-3-5-I  
E I-55--355-3555-----I

3 means bend the note up to the 4th fret, that sounds the best to me.

Chorus

### Acordes

A I-----3 -0-3-5--I-55-355-0-3-55-3-55--I  
E I-55-355-3555-----I-----3I

A I-----3 -0-3-5-I-----55-0-3-5-I  
E I55-3-55-3-555-----I-33--3-33--3-----I

Then back to main bass line. This is basically the whole song except for the breakdown after the second chorus. The chords to that breakdown or interlude are F-C-F-G. I forget how it is played. If corrections are needed please fix them and enjoy.
