

U2 - Stuck in a Moment You Can't Get Out Of

Tom: E

(com acordes na forma de D)

Capostrate na 2ª casa
Intro: D D G D A Bm G D

I'm not afraid of anything in this world
There's nothing you can throw at me that I haven't
already heard

I'm just trying to find a decent melody

A song that I can sing in my own company

I never thought you were a fool

But darling, look at you

You gotta stand up straight, carry your own weight

These tears are going nowhere, baby

You've got to get yourself together

You've got stuck in a moment and now you can't get out of it

Don't say that later will be better now you're

stuck in a moment and you can't get out of it

I will not forsake, the colours that you bring

But the nights you filled with fireworks

They left you with nothing

I am still enchanted by the light you brought to me

I still listen through your ears, and through your eyes

I can see

And you are such a fool

E

To worry like you do

I know it's tough, and you can never get enough

Of what you don't really need now... my oh my

You've got to get yourself together

You've got stuck in a moment and now you can't get out of it

Oh love look at you now

You've got yourself stuck in a moment and now you

can't get out of it

I was unconscious, half asleep

The water is warm till you discover how deep...

I wasn't jumping... for me it was a fall

It's a long way down to nothing at all

You've got to get yourself together

You've got stuck in a moment and now you can't get out of it

Don't say that later will be better now you're

stuck in a moment and you can't get out of it

And if the night runs over

And if the day won't last

And if our way should falter

Along the stony pass (2x)

It's just a moment

This time will pass
