Versão 2

Intro:

D
 I want to run, I want to hide
 I want to tear down the walls that hold me inside
 I want to reach out
 And touch the flame
 Where the streets have no name
 I want to feel, sunlight on my face
 See that dust cloud disappear without a trace
 I want to take shelter from the poison rain
 Where the streets have no name
 D
 Where the streets have no name
 Where the streets have no name
 We're still building then burning down love
 Burning down love
 And when I go there, I go there with you...
 It's all I can do
 The city's a flood
 And our love turns to rust
 We're beaten and blown by the wind, trampled in dust
 I'll show you a place high on the desert plain
 Where the streets have no name
 Where the streets have no name
 Where the streets have no name
 Still building then burning down love
 Burning down love
 And when I go there, I go there with you
 It's all I can do
 D
 Our love turns to rust
 And we're beaten and blown by the wind
 Blown by the wind, oh and I see love
 See our love turn to rust
 And we're beaten and blown by the wind
 Blown by the wind, oh when I go there
 I go there with you, it's all I can do
