

Unknown Brain - Why Do I (feat. Bri Tolani)

Tom: B

m

Intro: B- G D A
B- G D A

B-
Messing with my head again
You had your heart set on me
B-
But these feels they come and go
And they come so easily
B-
Tell me what it is

About you that I can't forget
B-
But you're breaking down my walls again
B-
Just to set me free

Why do I, baby, why do I
Love the way you are when always leave me
Why do I, baby, why do I
Love the touch but never love the feeling
Why do I, baby, why do I
Love the way you are when always leave me
Why do I, baby, why do I
Love the touch but never love the feeling

(B- G D A)

B- G

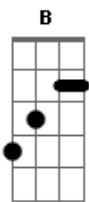

Staying up when I go out
You gotta know I'm all yours
B-
But when I say what's that about
You start slurring your words
B-
Tell me why you have to seem so
Distant when I'm holding you
B-
Your fingertips are drifting away
Ends up can love how it hurts

Why do I, baby, why do I
Love the way you are when always leave me
Why do I, baby, why do I
Love the touch but never love the feeling
Why do I, baby, why do I
Love the way you are when always leave me
Why do I, baby, why do I
Love the touch but never love the feeling

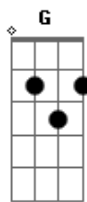

Why do I, baby, why do I
Why do I, baby, why do I
Why do I, baby, why do I
Love the touch but never love the feeling

(B- G D A)
