

V (BTS) - Christmas Tree

tom:

Intro: F
 In this moment
 I see you
 It always comes around as I believed

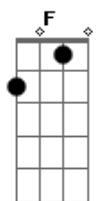

When the rain stops
 You shine on me
 Your light's the only thing
 That keeps the cold out

Moon in the summer night
 Whispering of the stars
 They're singing like Christmas trees for us

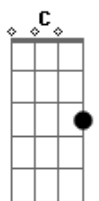

So I'll tell you
 A million tiny things that
 You have never known
 It all gets tangled up inside

And I'll tell you

A million little reasons
 I'm falling for your eyes
 I just want to be where you are
 It's such a strange thing to do
 Sometimes I don't understand you
 But it always brings me back
 To where you are
