Intro: Every time I see you in the world, you always step to my girl

[Verse]

A
Back back way back

I used to front like Angkor Wat, Mechanicsburg, Anchorage and Dar es Salaam

While home from New York was champagne and disco
Tapes from L.A. slash San Francisco

But actually Oakland and not Alameda
Your girl was in Berkeley with her communist reader
Mine was entombed within boombox and Walkman
I was a hoarder but girl, that was back then

[Bridge]

A A7M Gbm E

[Chorus]

The gloves are off, the wisdom teeth are out
What you on about?

I feel it in my bones, I feel it in my bones

I'm stronger now, I'm ready for the house
Such a modest mouse

I can't do it alone, I can't do it alone

Every time I see you in the world, you always step to my girl

D A D E

[Verse]

Ancestors told me that their girl was better
She's richer than Croesus, she's tougher than leather

I just ignored all the tales of a past life
Stale conversation deserves but a bread knife

And punks who would laugh when they saw us together
Well they didn't know how to dress for the weather

I can still see them there huddled on Astor
Snow falling slow to the sound of the Master

Snow falling slow to the sound of the Master

[Chorus]

The gloves are off, the wisdom teeth are out
What you on about?

I feel it in my bones, I feel it in my bones
I'm stronger now, I'm ready for the house

Such a modest mouse
I can't do it alone, I can't do it alone

[Verse]

Wisdom's a gift but you'd trade it for youth
Age is an honour - it's still not the truth

We saw the stars when they hid from the world
You cursed the sun when it stepped to your girl

Maybe she's gone and I can't resurrect her
The truth is she doesn't need me to protect her

We don't know the true death - the true way of all flesh
Everyone's dying but girl - you're not old yet

[Chorus]

The gloves are off, the wisdom teeth are out
What you on about?

I feel it in my bones, I feel it in my bones

I'm stronger now, I'm ready for the house
Such a modest mouse

I can't do it alone, I can't do it alone

The gloves are off, the wisdom teeth are out
What you on about?

I feel it in my bones, I feel it in my bones

I'm stronger now, I'm ready for the house
Such a modest mouse

I can't do it alone, I can't do it alone

Every time I see you in the world, you always step to my girl
