

# Van Der Graaf Generator - Man-erg

Tom: F  
 Intro: F C Dm7 C  
 F C Dm7 C  
 The killer lives inside me: yes, I can feel him  
 move.  
 F C Dm7 C  
 Sometimes he's lightly sleeping in the quiet of his  
 room,  
 G Em F G F Em Dm  
 but then his eyes will rise and stare through mine;  
 Em F G F Em C G  
 he'll speak my words and slice my mind inside.  
 F C Dm7 C  
 Yes the killer lives  
 Angels live inside me: I can feel them smile...  
 Their presence strokes and soothes the tempest in my  
 mind  
 and their love can heal the wounds that I have  
 wrought.  
 They watch me as I go to fall  
 -well, I know I shall be caught,  
 while the angels live.

This middle part is weird. The bass line goes

Bb C A C Ab C C C C C C

C Gb G B  
 How can I be free?  
 How can I get help?

Am I really me?  
 Am I someone else?

The same, but rallentando, and then:

F F Dm Dm  
 F F F F Dm Dm Dm Dm  
 But stalking in my cloisters hang the acolytes of  
 gloom  
 F F F F Dm Dm Dm Dm  
 and Death's Head throws his cloak into the corner  
 of my room  
 Bb Bb Bbb F  
 and I am doomed...  
 But laughing in my courtyard play the pranksters of my  
 youth  
 and solemn, waiting Old Man in the gables of the roof:  
 he tells me truth...  
 I was too lazy to transcribe the middle instrumental  
 bridge  
 (some work for you)  
 And I too, live inside me and very often don't know  
 who I am:  
 I know I'm not a hero, well, I hope that I'm not  
 damned.  
 I'm just a man, and killers, angels, all are these:  
 Dictators, saviours, refugees in war and peace  
 as long as Man lives...  
 I'm just a man, and killers, angels, all are these:  
 Dictators, saviours, refugees...
