Em
It has to be

Way across the country where the hillside mountain glide
The dynamo of your smile caressed the barefoot virgin child to wander
Past your window with a lantern lit
You held it in the doorway and you kissed against the pointed island breeze
Said your time was open, go well on your merry way
Past the brazen footsteps of the silence easy

You breathe in you breathe out you breathe in you breathe out
you breathe in
you breathe out you breathe in you breathe out

And you're high on your high-flyin' cloud
Wrapped up in your magic shroud as ecstasy surrounds you
This time it's found you

You turn around you turn around you turn around you turn around
And I'm beside you
Beside you
Oh darlin'
To never never wonder why at all

No no no no no
To never never never wonder why at all
To never never never wonder why it's gotta be
It has to be

And I'm beside you
Beside you
Oh child
To never never wonder why at all
I'm beside you
Beside you
Beside you
Beside you
Oh child
