

Van Morrison - Brand New Day

Tom: G Well it seems like Yes it feels like D When all the dark clouds roll away and the sun begins to A brand new day shine G A brand new day G D I see my freedom from across the way and it comes right in I was lost double crossed with my hands behind my back I was long time hurt and thrown in the dirt shoved out on the railroad track D I been used abused and so confused and I didn't have nowhere And it shines so bright and it gives so much light and it to run comes from the sky above But I stood and looked and my eyes got hooked on that beautiful morning sun Make me feel so free make me feel like me and it lights my And the sun shines down on all the ground and the grass is oh life of love so green Yeah my heart is filled yeah I got the will yet I don't really feel so mean And it seems like Here it come sure it comes here it comes right now here it comes right in on time Well it feels like Well it eases me and appeases me let it satisfy $\ensuremath{\mathsf{my}}$ $\ensuremath{\mathsf{mind}}$
