Intro:

G C  
I was born on a Saturday  
Am C  
My dad he held me screaming in his arms  
G C  
He can talk like it was yesterday  
Am C  
When I got that holy water in my eye  
G Am  
It's alright, is it just alright  
C  
See all those faces coming down  
Trying not to let them down  
G Am  
This time, babe is that alright  
C  
Well I can still see the sun on the water  
I can still feel your sunlight  
Am C  
And all I ever wanted was time  
Am C  
You know that all I ever wanted was time  
G C  
And I know that I come on strong  
Am C

Forgive me I just couldn't help myself  
G C  
And I have changed but I'm better now  
Am C  
And I see you in this new and perfect light  
G Am  
You're so fine, you're oh so fine  
C  
See all those faces coming down  
Trying not to let them down  
G Am  
This time, babe is that alright  
C  
Well I can still see the sun on the water  
I can still feel your sunlight  
Am C  
And all I ever wanted was time  
Am C  
You know that all I ever wanted was time  
Da da da da?  
Am C  
You know that all I ever wanted was time  
Am C  
You know that all I ever wanted was time
