

Vance Joy - Straight Into Your Arms

Tom: G

Walk in the front door, drop my keys Take my shoes off and go

Straight into your arms; keep me safe

And I don't feel like myself I been waiting to go

Straight into your arms; keep me safe

Ooh, I've been gone since yesterday

And I fell straight, straight into your arms

Ooh, but it only takes one day

And I run straight, straight into your arms

Straight into your arms Straight into your arms,
straight into your arms

You keep me on track I can't sleep

'til you come back home to me Into my arms, baby

So let's make the best of what we have

Time is precious; it won't last I see you and I get back

Ooh, I've been gone since yesterday

And I fell straight, straight into your arms

Ooh, but it only takes one day

And I run straight, straight into your arms

Straight into your arms Straight into your arms,
straight into your arms

And I've been waiting, I'm waiting

My heart is calling, it's calling

Ooh, I've been gone since yesterday

And I fell straight, straight into your arms

Ooh, but it only takes one day

And I run straight, straight into your arms Straight into your
arms

Ooh, I've been gone since yesterday

And I fell straight, straight into your arms

Ooh, but it only takes one day

And I run straight, straight into your arms

Straight into your arms Straight into your arms,
straight into your arms
