

# Vancouver Sleep Clinic - Flaws

Tom: C

The weight, I'm gone  
 In my skin, I'm lost  
 Tangled in the bones of this love  
 Melding to the flow of your blood

Grace bestowed  
 But I was shaped with snow  
 Seasons don't change  
 Ignorance remains

I need this alone  
 I need this alone

Am - C - G (REPEAT 2x)

The burdens on this chest  
 The vessel of these words  
 Sinking under tension

Drew afterthoughts and hurt  
 The burdens on this chest  
 The vessel of these words  
 Sinking under tension  
 Drew afterthoughts and hurt  
 Am - C - F (REPEAT 2x)

I need this alone  
 I need this alone

The burdens on this chest  
 The vessel of these words  
 Sinking under tension

Drew afterthoughts and hurt  
 The burdens on this chest  
 The vessel of these words  
 Sinking under tension  
 Drew afterthoughts and hurt
