

Vancouver Sleep Clinic - Flaws

Tom: C

The weight, I'm gone
 In my skin, I'm lost
 Tangled in the bones of this love
 Melding to the flow of your blood

Grace bestowed
 But I was shaped with snow
 Seasons don't change
 Ignorance remains

I need this alone
 I need this alone

Am - C - G (REPEAT 2x)

The burdens on this chest
 The vessel of these words
 Sinking under tension

Drew afterthoughts and hurt
 The burdens on this chest
 The vessel of these words
 Sinking under tension
 Drew afterthoughts and hurt
 Am - C - F (REPEAT 2x)

I need this alone
 I need this alone

The burdens on this chest
 The vessel of these words
 Sinking under tension

Drew afterthoughts and hurt
 The burdens on this chest
 The vessel of these words
 Sinking under tension
 Drew afterthoughts and hurt
