

Vanguart - Hey Yo Silver

Tom: C

(A G)
Hey Yo Silver

A horse broke onto the bar, left me wildy here (Oh Silver)
Ripped down my chest with promises of the best (Oh Silver)
We met when we were down on the road (Oh Silver)

A
But all the way is the way back down
Gonna take a look around
Gonna drive to New Orleans
Honey, you know what this means

A
Cause you and I we been through love
You and I been takin' turns

C G F G
Tomorrow's parties are empty now you've gone
C G F G
Yet our last years' songs showed all that we were

G
were
A
were (PAUSA)

- Hey Yo Silver
Yesterday was fine but today's living hell (Oh Silver)
Everyday that comes I feel an urgent youth that burns (Oh Silver)
We kissed when we were down on the road (Oh Silver)

Cause all the way is the way uptown
Gonna take a look around
Gonna drive to Vallegrand
Honey, you must understand

Tomorrow's parties are empty now that you've gone
Yet our last year's sons showed all that we were
And it's us but there's a sorrow just won't let you sleep
And I take you with me everywhere I weep
