Vant - Talk Like Thunder

Tom: G

```
            E
Whisper clearly
G          A            E
Turn to a breath in the breeze
                 G               A                E
Reality seems to change when it blows through the trees
                       G                A              E
Sometimes their made from gold, made from bone, made to shake
                  G                              A
How can it seem so real, when you know that it's fake?

E       D        E         D          G        D            G
A
I don't wanna believe in someone that walks on sunshine and
talks like thunder
E       D        E         D          G        D            G
A
I don't wanna believe in someone that walks on sunshine and
talks like thunder

High low, hyper-la-bola
G
Acid cooler, coke in the cola

( E  G  A )

E
Tell me where you wanna go and tell me all the things you know
G           A
What is the meaning of life?
E
Is it in the water-flow, the baby-grow or mortgaged home
    G             A           E
The smile of your debt-ridden wife? No?
                  G      A           E
Some people got it all but most of us don't so
                    G               A
How can we learn to breath if we're already choked?

E       D        E         D          G        D            G
I don't wanna believe in someone that walks on sunshine and
talks
