Intro: E Abm Dbm Abm Gbm Abm B
[Primeira Parte]
You don't even know my name
You don't even know the game anymore
                      Gbm
You don't even know my name
     В
But you want to
Have a little decency
Stop, stop playing around me
Used to getting what you see
        В
But not this time
[Refrão]
I know I shouldn't go out after dark
                      Е
Hanging around all these cars in my car
Was it me or tell me
Are we still apart
```

```

No use trying to dodge your gaze
