G F G

She's all that I see

F G

And all that I breathe

F G

Take a breath and hold her in

F G

As her shadow's whispering

F G

I can hear the laughter

F G

Knowing what they're after

F G

While she flies right beside me

F

On many broken wings

Am Bb C

Take, take a look around

F Am

She's a pretty good dancer

Bb C

She dances on my grave

F Am

Everytime it goes down

Bb C

Everytime she comes down

F Am

Everytime we fall down

Bb

She dances all over me

G F G

She's the world at my feet

F G

The sun that gives heat

F G

Take a rest and hold her near

F G

Or she'll float away from here

F G

Cause I'm knowing what your fearing

F G

And a sentimental jury

F G

And every mile that guides you

F

I'll watch over everything

Am Bb C

Take, take a look around

F Am

She's a pretty good dancer

Bb C

She dances on my grave

F Am

Everytime it goes down

Bb C

Everytime she comes down

F Am

Everytime we fall down

Bb

She dances all over me
