Letra:

SPECTACLE  
 (Scott Weiland/Slashuff McKagan/Matt Sorumave Kushner)

Take 2 to break and 3 to go  
 Hold me back you spectacle  
 (Mother fucker yeah)  
 Kick me down with broken bones  
 You picked a fight now stand your ground

You talk about it  
 Don't know what you want  
 In the back of someone else's car

You write the list  
 Well write me off  
 Rocket bitch is blasting off  
 (Right on target yeah)  
 Boots laced up I'm here to go  
 In the end I'll stand alone

You talk about it  
 Don't know what you want  
 G In the back of someone else's car

You lied about it  
 Bled another heart  
 Then began to fall apart  
 It rains and you fall back down again  
 It begins to rain and I'll knock you right back down again"  
 You incessant bitch you lied in wait for the last time now  
 I'm standing now  
 I'm standing now
