Deus criou o céu, e a terra, pra iluminar a noite
 E as estrelas, fez também o sol para o dia irradiar
 Criou os seres vivos, o homem a sua imagem
 As árvores os frutos fez os pássaros
 Que voam pelo céu sempre à cantar

Viva a Vida, não pode parar
 Viva a Vida vamos desfrutar
 Das maravilhas que o Senhor fez para nós
 A beleza das plantas, tralalalá
 O perfume das flores, papapapará
 Os pequeninos insetos, bisbisbisbis
 Os peixinhos no mar, chuá chuá chuá
 A elegância dos pássaros, voar voar voar
 A esperteza dos mamíferos, Ruahumm!
