

# Vicente Piacentini - Experimente

Tom: F

Oi! Vim te convidar pra uma distração  
 Tirar os sapatos e por os pés no chão!  
 Olhar o horizonte, aquela ondulação  
 Sentir a brisa suave do vento  
 Tocar a pele, balançar teus cabelos

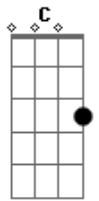

Bb

Trazer mistérios e traçar novos planos  
 Mostrar o amor que reside nesse todo  
 E que todo ser, vem ao mundo experimentar  
 Experimente libertar sua mente  
 Experimente se tornar consciente  
 Experimente libertar-se pra sempre  
 Experimente voar diferente
