

# Victoria Carbol - Song Of The Witch Kingdom

tom:

Hey - ah  
 Hey - ah

Hark, my child, come listen close  
 Let me tell you of a tale  
 Of a people cursed, a land destroyed  
 Of a darkness that prevailed  
 A witch kingdom once tall and proud  
 Was ruled by ChoChan queens  
 Rhiannon fair was last of these  
 For hatred stirred beneath  
 Hey - ah  
 Hey - ah

The Crochan queens were thus betrayed  
 By those with iron teeth  
 Three days, three nights the battle raged  
 'Til every heartbeat ceased  
 And as she fell, Rhiannon last  
 Stretched out a vengeful hand  
 "Heed my words and heed my curse  
 Or ne'er return to this here land"  
 Hey - ah

[Refrão]

She said blood to blood  
 And soul to soul  
 Together this was done  
 And only together  
 Can it be undone  
 Be the bridge, be the light  
 And when the iron melts  
 When flowers spring from killing fields  
 Only then the land shall be won  
 Hey - ah  
 Hey - ah

Five hundred years the land was dry  
 All witches lost and scattered  
 Blackbeak, Blueblood, Yellowlegs

Their magic dead and shattered  
 With Crochans gone, hope there was none  
 To bind and break the curse  
 'Til silver-haired and crooked hearted  
 Manon learned of her birth  
 Hey - ah  
 Hey - ah

Wing leader and Blackbeak heir  
 Devourer of souls  
 The long lost child of Crochan blood  
 With eyes of burning gold  
 Both ancient queen, iron warrior  
 With Thirteen at her side  
 They crowned her with a ring of stars

A people unified  
 Hey - ah

[Refrão]

Blood to blood  
 And soul to soul  
 Together this was done  
 And only together  
 Can it be undone  
 Be the bridge, be the light  
 And when the iron melts  
 When flowers spring from killing fields  
 Only then the land shall be won  
 Hey - ah  
 Hey - ah

In final days a king arose  
 To bathe the world in blood  
 High queen Manon would not be cowed  
 By his demonic flood  
 With every clan of witches  
 Met she mortals, met she fae  
 And in the hills of Tarrasen  
 The last stand of light was made  
 Hey - ah  
 Hey - ah

Am C  
 With magic dark and cunning  
 G D  
 Demons sought to breach the walls  
 Am C  
 Should they have broken Orynth's gates  
 G E  
 Then all Erilea falls  
 Am C  
 So Thirteen left High Queen to live  
 G D  
 And Yielded up their lives  
 C  
 Blood unified, blood payment made  
 Am  
 Flowers bloomed and dead land sighed  
 Am G  
 Hey - ah

[Refrão]

Am  
 Blood to blood  
 C

And soul to soul  
 G D  
 Together this was done  
 C  
 And only together  
 G E  
 Has it been undone  
 Am  
 These the bridge, these the light  
 G D  
 Here now the iron melts  
 Am D  
 Here flowers spring from killing fields  
 Am  
 Here now the land is won  
 Am G  
 Hey - ah  
 D Am  
 See flowers spring from killing fields  
 D Am  
 See now your land is won  
 Am G  
 Hey - ah
