

Vilmário Moura - Me Levanta

tom: G

Sedento eu estou, minha alma

Reconhece que precisa

Da tua presença

O frio de uma noite, lembrou-me do

Calor dos teus braços e

Abraços

E por mais que eu queira me afastar

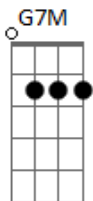

A tua destra perto

Sempre está, perto está

Cadd9

Chove no deserto que há em mim

Faz nascer em mim o teu jardim, o teu jardim

Vem me levantar, papai

Recolhe meus cacos

Me leva para casa

Reconstrua-me

Eu quero ficar perto de ti

Só observando, você me

Amando

Desejo amar a ti
