

Vinícius Trezze - Farewell

tom:
 Sleep, my friend
 Sleep, there's no more pain
 Always thinking about you
 I didn't have the chance to say goodbye
 Just saw you resting down there, your cold skin
 I wish to go back in time
 I miss your move
 I miss your smile
 For the first time you've made me cry
 Always honoring your memories, through the time
 Yesterday you called and I answered
 Checking how I was doing, I'm sorry bro
 I never did the same
 I felt you worried over the phone

I know there's something wrong
 You were the happiest man that I used to know
 The way you moved
 The way you smiled
 All the time you made me laugh
 Always keeping happiness at your side, all the time
 I couldn't imagine on the next day
 Someone calling with a terrible fate
 Man, it took us all by surprise
 Ooh is it in hell that I'm living or a nightmare?
 I just wanna wake up
 [Ponte] Farewell
 Sleep, my friend
 Sleep, there's no more pain
 Sleep in peace, that you deserve
 Farewell
