C

D

Let me tell you, ooh, you know

Aah, I need a miracle

It's more than physical

What I need to feel from you

I need a miracle

I need a miracle

Let me tell you, ooh, you know

Aah, I need a miracle

It's more than physical

What I need to feel from you

Let me tell you, ooh, you know

Aah, I need a miracle

It's more than physical

What I need to feel it from you

I need a miracle

I need a miracle

I need a miracle

I need a miracle

( A )

Tell me that you understand

And you'll take me as I am

You'll always be the one to give me everything

Just when I thought no one cared

You're the answer to my prayer

You lift my spirits high

Come on and rescue me

Let me tell you, ooh, you know

Aah, I need a miracle

It's more than physical

What I need to feel from you

I need a miracle

I need a miracle

I need a miracle

I need a miracle

Miracle, miracle, miracle, miracle

Mirac-mirac-mirac-mirac

I need a miracle

I need a miracle

Let me tell you, ooh, you know

Aah, I need a miracle

It's more than physical

What I need to feel from you

Let me tell you, ooh, you know

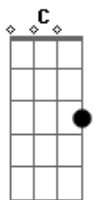

Aah, I need a miracle

It's more than physical

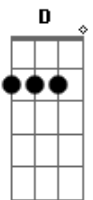

What I need to feel from you

I need a miracle
