

# Violet Soda - Black Lungs

tom:

Never wanna make you cry, but sometimes I will  
 And when I try to tell a lie, you already know my tricks  
 You're my favorite thing in this bad moment

What I did to me? I think I won't last  
 My lungs are black and I have failed the test  
 What I did to me? I shouldn't let this happened  
 Cause now I know how long you're gonna stay yeah! (Just stay!)

Yeaaah!

Never wanna make you cry, but sometimes I will  
 And when I try to tell a lie, you already know my tricks  
 You're my favorite thing in this bad moment

Never wanna make you cry, but sometimes I will  
 And when I try to tell a lie, you already know my tricks  
 You're my favorite thing in this bad moment  
 What I did to me? I think I won't last  
 My lungs are black and I have failed the test  
 What I did to me? I shouldn't let this happened  
 Cause now I know how long you gonna stay yeah!

Never wanna make you cry, but sometimes I will  
 And when I try to tell a lie, you already know my tricks  
 You're my favorite thing in this bad moment  
 Even knowing that I did  
 You're my favorite thing  
 You're my favorite thing  
 You're my favorite thing now!  
 Wath I did to me?
