

Violet Soda - Black Lungs

tom:

Never wanna make you cry, but sometimes I will
 And when I try to tell a lie, you already know my tricks
 You're my favorite thing in this bad moment

What I did to me? I think I won't last
 My lungs are black and I have failed the test
 What I did to me? I shouldn't let this happened
 Cause now I know how long you're gonna stay yeah! (Just stay!)

Yeaaaah!

Never wanna make you cry, but sometimes I will
 And when I try to tell a lie, you already know my tricks
 You're my favorite thing in this bad moment

Never wanna make you cry, but sometimes I will
 And when I try to tell a lie, you already know my tricks
 You're my favorite thing in this bad moment
 What I did to me? I think I won't last
 My lungs are black and I have failed the test
 What I did to me? I shouldn't let this happened
 Cause now I know how long you gonna stay yeah!

Never wanna make you cry, but sometimes I will
 And when I try to tell a lie, you already know my tricks
 You're my favorite thing in this bad moment
 Even knowing that I did
 You're my favorite thing
 You're my favorite thing
 You're my favorite thing now!
 Wath I did to me?
