

Violet Soda - You Don't Know Me

tom:
 I want you to know but my pride don't
 I made up my mind I don't wanna forgive you
 And this will take some time
 Carry on for now but I just wanna say

You don't know me
 You don't know me
 Saying I'm a fool
 I'm a liar
 I'm faking
 You don't know me

You can try to make this a nightmare
 But anyone can see how lonely you're feeling
 And this will take sometime
 Carry on for now but I just wanna say

You don't know me
 You don't know me
 Saying I'm a fool
 I'm a liar
 I'm faking
 You don't know me

You don't know me
 You don't know me
 Saying I'm a fool
 I'm a liar
 I'm faking
 You don't know me

I don't think you deserve to die
 For all the bad things that you said
 But I want you to pay the price
 Then I can tell you how
 I won't be broken

You don't know me
 You don't know me
 Saying I'm a fool
 I'm a liar
 I'm faking
 You don't know me

No, you don't know me
 You don't know me
 You don't know me
 You don't know me
