

Virgo - I Want You To Know

tom:

B

Badd9
You waste your time to find an answer

You say your life's a bunch of scraps

Search for the reason that keeps you down
Abm **Gb** **E**
Sighing out, but there's no land here all around

Badd9
No way to stand to see you suffer

You're digging traps you step right in
Abm **Gb** **E**
Hey, there's a way for anyone who's wanting
Abm **Gb** **E**
And there's a road for everyone to go

Abm **Db**
I want you to know
Abm **Db**
For all that you do
Badd9 **A** **E** **Badd9**
Well, It's not too late to rearrange
Abm **Gb** **E**
The pieces of your heart that made you go insane

Badd9
So if your looking for solutions

And you're still waiting for the day
That brings you sunrise and lights
Abm **Gb** **E**

The shade from all the pain and misery
That's why I say

Abm **Db**
I want you to know
Abm **Db**
For all that you do
Badd9 **A** **E** **Badd9**
Well, It's not too late to rearrange
Abm **Gb** **E**
The pieces of your heart that made you go insane

Badd9 **A** **E** **Badd9**
There are times of joy and times of pain
Abm **Gb** **E**
And we feel we waste our lives just standing up again

Badd9
And if your looking for a reason
E **Badd9**
You'll never find, you better try

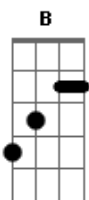

To move along the road you're leaving
E **Badd9**
Never to fear, love is a lie

And if you're living for an answer
Don't waste your time
E **Badd9**
Longing to feel

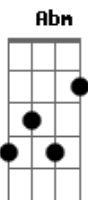

Like any other day you suffered

Back in the days
E **Badd9**
Life wasn't real
