

# Virgo - No Need To Have An Answer

tom:  
 Am  
 Leave me if I still cry  
 There's no need to have an answer  
 To raise and fly  
 Far beyond the seven oceans the sun may shine  
 Leave me in the arms of pain, away  
 Hold me, I've gone too high  
 And the clouds I left below me  
 Now seem to hide  
 All the birds that gap inside me  
 Falling apart  
 Hold me in your arms again  
 Take your time to understand  
 Get out to the light of day  
 Spread your wings, no matter when  
 Just you and me  
 Together relieve  
 To ever believe  
 In you and me  
 Just you and me

To stay hand in hand  
 And go until the end of you and me
