When I dare close my eyes
I feel the vibrant morning rise
On the shores of that dear and secret island
I've waited for too long
To join you where true love belongs
   Am G
Let's embark on a journey back to our land
Leave the world behind this once in a lifetime
            E G
Our compass will reveal the place where "us" is real
Sailing the sea where our legend will live
   Am F
All our stories and memories are mine to believe
Walking there, hand in hand
As kings of our own land
F G C Am
Our return to Lemuria
Until the day has come I wish to stay with you alone
But I dread that you'll leave without a warning
I hear your words my dear inside I share this deepest fear
   Am G E E F
But we know there will dawn a darker morning
