

# Walk off the Earth - Hold On

Tom: D  
Intro: G D G D  
G D G D

I never wanted it to break  
I thought we put it all behind us  
Ever since that day  
All I want to do is find us  
Now I'm falling down, I'm falling down without you  
So I'm calling out  
I'm calling out to find you

You gotta hold on to what you got, babe  
It ain't always greener on the other side you know  
We aint rich but we worth a lot babe  
I wanna see the world with your hand in mine you know  
Come on I'll love you like that  
It ain't always greener on the other side you know  
Come on I'll love you like that  
I wanna see the world with your hand in mine you know  
( G D G D )

Even when I made mistakes  
You would always bring me higher  
We got caught up in our ways  
Like the time we had the bonfire  
There was no one else no one else to run to  
So I'm calling out  
I'm calling out to find you

You gotta hold on to what you got, babe  
It ain't always greener on the other side you know  
We aint rich but we worth a lot babe  
I wanna see the world with your hand in mine you know  
Come on I'll love you like that  
It ain't always greener on the other side you know  
Come on I'll love you like that  
I wanna see the world with your hand in mine you know  
G D Bm A

Hold on to what you got, babe  
Hold on to what you got, babe

I didn't know just how much I loved you girl  
Until you hurled my heart  
And destroyed my world  
When we're apart I'm a perm without a curl  
Cause ever since the start you've been the ocean to my pearl  
You and I together tilt earth off its axis  
We make as much sense as a left wing fascist  
But when we locked eyes back in grade 9 classes  
I knew we'd be together 'til this life passes

You gotta hold on to what you got, babe  
It ain't always greener on the other side you know  
We aint rich but we worth a lot babe  
I wanna see the world with your hand in mine you know  
Come on I'll love you like that  
It ain't always greener on the other side you know  
Come on I'll love you like that  
I wanna see the world with your hand in mine you know

You gotta hold on to what you got, babe  
It ain't always greener on the other side you know  
We aint rich but we worth a lot babe  
I wanna see the world with your hand in mine you know  
Come on I'll love you like that  
It ain't always greener on the other side you know  
Come on I'll love you like that  
I wanna see the world with your hand in mine you know

I'll love you love you love you like that  
And I watched you walk away  
I'll love you love you love you like that  
Never wanted it to break  
I'll love you love you love you like that  
And I watched you walk away  
I'll love you love you love you like that  
Never wanted it to break
