

Walk off the Earth - Taekwondo

Tom: C

I learned guitar just to play you this song
 I took français just to give you le monde
 I'll jack you a car even though it's wrong (wouaaaaoo)
 I'll peel you a grape and I'll feed you a prawn
 I'll bake you a cake and I'll water your lawn
 I use the crummy paddle when we play ping-pong (wouaaaaoo)

(Say, I say)
 Don't you ever worry 'bout a thing
 'Bout a thing, no
 Don't you ever worry 'bout a thing
 'Bout a thing, no
 'Cause I'm gonna give you everything, everything
 I got your back

I'm taking taekwondo
 If people mess with you
 I'll kick 'em with my toe
 I got the situation under control
 You know I'll always be your lifelong beau

I said, 'cause you're my number one
 You're my number one
 I got your back for sure
 You know I'll always be your lifelong beau

I grew you some kale 'cause you don't eat meat
 I like your pictures and I'll favorite your tweets
 I harvest silkworms just to make you some sheets (wouaaaaoo)

(Say, I say)
 Don't you ever worry 'bout a thing
 'Bout a thing, no
 Don't you ever worry 'bout a thing
 'Bout a thing, no
 'Cause I'm gonna give you everything, everything
 I got your back

I'm taking taekwondo
 If people mess with you

I'll kick 'em with my toe
 I got the situation under control
 You know I'll always be your lifelong beau
 I say, I say, I'm taking taekwondo
 If people mess with you
 I'll kick 'em with my toe
 I got the situation under control
 You know I'll always be your lifelong beau

I said, 'cause you're my number one
 You're my number one
 I got your back for sure
 You know I'll always be your lifelong beau
 (Say, I say)

Imma break it down in the rap part
 'Cause you're my half heart
 The poem in my hallmark
 Cardiac arrest will hit the chest
 Of any man with willingness to mess with my mistress
 I will throw a kick to your voice box
 My tiger claw will knock your socks off
 Any tough chap who wants a death scrap
 Will be lying flat on their back in a dirt nap

I'm taking taekwondo
 If people mess with you
 I'll kick 'em with my toe
 I got the situation under control
 You know I'll always be your lifelong beau
 I say, I say, I'm taking taekwondo
 If people mess with you
 I'll kick 'em with my toe
 I got the situation under control
 You know I'll always be your lifelong beau

I said, 'cause you're my number one
 You're my number one
 I got your back for sure
 You know I'll always be your lifelong beau
 (Say, I say)
