

Walk The Moon - Jenny

Tom: C

You got ^{Am} curves like the ocean
Gonna take it in slow-motion
Got emotions that'll make it last

You got ^{Am} freckles on your shoulder
Ammunition like a soldier
And visions, ambitions to be the best

Oh and jenny why aren't we

Jenny why aren't we g-getting together? ^{Am}
You know I got patience but tell me

I'd said, Jenny shouldn't we

Jenny shouldn't we be getting together? ^{E7}

Jenny's got a body just like an hourglass ^{F G}
But I'm taking my time, taking my time ^{Am C}

I wanna be the sand inside that hourglass ^{F G}
Take it slow, ooh..., ooh

Gonna make it last ^D

Jenny got your number ^{Am}

It's a bummer that things go so fast

It's been a ride like days of thunder ^{Am}

Like sand through the hourglass

I've been dreaming that we could ^D

Dreaming that we could be sticking together ^{Am}

I've got evidence cause every time we turn the corner ^D
