

Clay Walker - Makes Me Want To Stay

tom:

Intro: G Gm G Gm
G Gm Eb
Gm G

[Primeira Parte]

I live my life like a gypsy
And I call a lot of gypsies my friend
I embrace each moment for the moment
Then I let 'em all go with the wind
Girl I never let this feeling
I'm feeling
Carry me so far away

[Refrão]

I'm a long way from home
And the night's almost gone
But your love makes me want to stay
Deep down there's something
That just keeps me running
But your love makes me want to stay
Your love
Makes me want to stay

[Segunda Parte]

There's a freedom
For me in your laughter
A freedom that I never knew
And maybe it's what
I've been after
Girl I've always been running to you
I believe in this feeling

You carried me so far away

[Refrão]

I'm a long way from home
And the night's almost gone
But your love makes me want to stay
Deep down there's something
That just keeps me running
But your love makes me want to stay
Your love
Makes me want to stay
(G F G)

[Refrão]

I'm a long way from home
And the night's almost gone
But your love makes me want to stay
Deep down there's something
That just keeps me running
But your love makes me want to stay
Your love
Makes me want to stay

I'm a long way from home
And the night's almost gone
But your love makes me want to stay
Deep down there's something
That just keeps me running
But your love makes me want to stay
Your love
Makes me want to stay

[Final] G F C G
