Every night around about this time  
It's like she knows I'm lonely  
Rolls up when the wine is gone  
Like a record on repeat  
Leaning on old memories  
Talkin' 'bout what we used to be  
She'll probably be the death of me  
But, damn if it ain't sweet  
She's my pretty little poison  
My heartache in the night  
With a kiss on her lips just like cyanide  
Yeah, she came with a warning  
But I didn't mind  
I'll go out on that high every time  
She's my pretty little poison  
My pretty little poison  
Shadows dancing down the hall  
Whispers that she wants me  
Try my best not to fall  
When she falls into me  
We all need some kind of fix

For me she's the one I pick  
Nothing else will do the trick  
She's all I need  
She's my pretty little poison  
My heartache in the night  
With a kiss on her lips just like cyanide  
Yeah, she came with a warning  
But I didn't mind  
I'll go out on that high every time  
She's my pretty little poison  
My pretty little poison  
For some, I guess, it's alcohol  
I don't want none at all  
I just want you  
No, I just want you  
My pretty little poison  
My heartache in the night  
With a kiss on her lips just like cyanide  
Yeah, she came with a warning  
But I didn't mind  
I'll go out on that high every time  
She's my pretty little poison  
My pretty little poison  
She's my prett-----y little poison
