

# Wavves - Hippies Is Punks (feat. Jenny Lewis)

 Fm  
 [Primeira Parte]  
 Misery's a fleeting feeling  
 Do you ever think about me  
 Though you don't have to try  
 Misery's a funny feeling  
 You always leave me with that feeling  
 I'm wasting my whole life

[Refrão]

So get me out of your head  
 And I'll get you out of mine  
 Get me out of your head  
 It's just a waste of time

[Segunda Parte]

Open heart and barely breathing  
 Staring at the stone white ceiling  
 I'm just a parasite  
 I'm not ashamed or unforgiving  
 I know you'll never end up with me  
 So I won't even try

[Refrão]

So get me out of your head

So get me out of your head  
 And I'll get you out of mine  
 Get me out of your head  
 It's just a waste of time  
 So get me out of your head  
 And I'll get you out of mine  
 Get me out of your head  
 It's just a waste of time

[Ponte]

I remember why I hated you again  
 And you say it's cause of me  
 That we're not friends  
 At all, at all, at all, at all  
 At all, at all, at all

So get me out of your head  
 And I'll get you out of mine  
 Get me out of your head  
 It's just a waste of time
