

Wavves - King Of The Beach

```
I'll feel wide wide open
Intro: /VERSE:
F B
                                                                At the beach in my jeans
 F B
                1x6
                                                                In this wide wide open
 E B
                                                                At the beach
Dbm Dbm Ab Ab
                                                                In my dreams
                                                                But you still
Let the sun burn my eyes
                                                                Chorus:
Let it burn my back
Let it sear through my thighs
I'll feel wide wide open
                                                                You're never gonna stop me
Let the sun burn my eyes
                                                                Dbm
Let it burn my back
                                                                You're never gonna stop me
At the beach
                                                                Dbm
In my dreams
                                                                You're never gonna stop me
But you still
                                                                Dbm
                                                                              В
                                                                You're never gonna stop
Chorus:
                                                                King of the beach
You're never gonna stop me
                                                                Bridae:
                                                                D (repeated)
Dbm
                        Ab
You're never gonna stop me
You're never gonna stop me
                                                                            G
Dbm
You're never gonna stop
                                                                Never gonna stop me
                                                                        Е
                                                                                   G
King of the beach
                                                                You're never gonna stop me
                                                                        Ε
                                                                                  G
                                                                You're never gonna stop me

                                                                Е В
ЕВ
                                                                Dbm Dbm Ab Ab (repeat until finish)
Dbm Dbm Ab Ab
                                                                King of the beach
Verse:
                                                                King of the beach
Let the sun burn my eyes
                                                                King of the beach
                                                                King of the beach
Let it burn my back
Let it burn through my thighs
                                                                            E (let ring)
                                                                King of the beach
