tom:

Intro: Em Am D G

[Primeira Parte]

I can hear it callin'
 Loving the way you wanna talk
 Touch me tease me feel me up callin'
 Something in the way you wanna talk

You got me sayin' you got me sayin'
 How you doing

Tell me what's your name
 What's your sign

Feeling like you're into me

Yeah, I'm waiting, I just want
 You to come on over where I'm staying

Falling for a stranger

Good gracious
 I might even fly out to Vegas

(Catch a flight)
 I'm thinking maybe you'd be down to do it
 But you don't know what I'm saying

Got me going through the roof, roof
 Really don't care what we do, do, hey
 We could fly to the moon
 I see your lips moving
 But we ain't got a clue

[Pré-Refrão]

Baby we two distant strangers
 I know you don't speak my language
 But I love the way she's talking to me

(B7)

[Refrão]

I can hear it callin'
 From where you are
 Loving the way you wanna talk
 Touch me tease me feel me up
 Touch me tease me feel me up

Call me when it's after dark
 Something in the way you wanna talk

Touch me tease me feel me up
 Touch me tease me feel me up

[Segunda Parte]

Max max max, we can have it all

(To the max)
 If you back back back back, back it up
 Take you where you wanna

Got the gas in the tank

If you really wanna

Make it last (Git git git)

Talks cheap I'm bout that action
 Girl can you feel the attraction

Baby come closer I got what you want
 I can tell that you want it
