

# Weezer - The Grunge Song

Tom: **Bb**

Fica nisso, eh a parte calma da música...

Depois quando falar: "And this is the part" ou "So we go back to play loud" fica mais pesado e entra com distorção...

This is the part of the song  
That's really quiet  
We play very soft  
It sounds like a ballad

And this is the part  
Where we play real hard  
It's much louder  
Than at the beginning

And we go back  
To the quiet part... Again  
If the whole song was this way  
It would be boring

So we go back to play loud  
It's like the first time  
But this try'll be louder  
This is usually the place  
Where it would be quiet again  
But we don't wanted to be  
Too predictable  
Predictable  
Predictable
