

# Weezer - Unspoken

Tom: A

(intro 4x) A D7M

Every morning, every day  
 I am hoping for the chance to get away  
 In the evening, every night  
 I am dreaming of a chance to make it right  
 Every chance that I get I am placing a bet  
 On the sun in the sky

(refrão)  
 And if you take this away from me  
 I'll never forgive you, can't you see?  
 Our life will be broken  
 Our hate will be unspoken

I can feel those metal chains  
 And they're holding back the hope that keeps me sane  
 I can fight back, yes I can!  
 Cause I'm strong enough to show you I'm a man  
 And I hate what you do when your poison seeps through  
 And you're laughing at me  
 (refrão)  
 ( Gbm Bm E A )

Every chance that I get, I am placing a bet  
 On the sun in the sky, as it sets out of sight  
 And I hate what you do when your poison seeps through  
 And you're laughing at me  
 (refrão 2x)
