

Wendy CBright - Break My Heart

Tom: G

I close my eyes, see your face in shiny lights
 Realizing all the lies you hide from me, oh, oh
 You can't fix me, you ruined every little thing
 And now I'm broken, I'm broken
 So don't take one more step towards me
 You're the reason I'm here
 Don't try to make me take a chance
 It's only gonna break my heart
 Oh, oh, oh
 Oh, oh
 I see you walk, past me
 Talking around me, and you don't even
 Notice me filled with all this pain
 Maybe I'm just another broken heart
 It's because of you, because of you
 Whoa, oh, oh
 So don't take one more step towards me
 You're the reason I'm here
 C

Don't try to make me take a chance
 It's only gonna break my heart
 Don't take one more step towards me
 You're the reason I'm here
 Don't try to make me take a chance
 It's only gonna break my heart
 So don't take one more step towards me
 You're the reason I'm here
 Don't try to make me take a chance
 So don't take one more step towards me
 You're the reason I'm here
 Don't try to make me take a chance
 So don't take one more step towards me
 You're the reason I'm here
 Don't try to make me take a chance
 Don't try to make me take a chance
 It's only gonna break my heart
 Whoa, oh, oh, oh
 Don't try to make me take a chance
 It's only gonna break my heart
 Don't try to make me take a chance
 It's only gonna break my heart
