

# Westlife - Don't Let Me Go

Tom: **D**  
 Intro: **D - A - G - A - D**

So much to say  
 But where do I start?  
 Would you listen if I spoke from the heart?  
 It's simple things  
 That keep us apart  
 You know it doesn't have to be this way  
 Can't you hear it in my voice?  
 You gotta listen when I say:

Don't let me go when I'm this low  
 Why can't we talk about it?  
 Why can't we figure it out?  
 I wanna know as people grow  
 How do they sort it all out?  
 Work out what love is about?  
 So tell me now yeah I've gotta know  
 When this feeling I've got won't let go

Some people stop  
 And some people stare  
 I'm hearing whispers that you no longer care  
 Should I stay?  
 Should I turn away?  
 Stop playing games now you know it's not fair  
 Can't you hear it in my voice?

You gotta listen when I say:  
 Don't let me go when I'm this low  
 Why can't we talk about it?  
 Why can't we figure it out?  
 I wanna know as people grow  
 How do they sort it all out?  
 Work out what love is about?  
 So tell me now yeah I've gotta know  
 When this feeling I've got won't let go

You make me think I've got this feeling for you  
 I've tried so hard, won't you listen to me?  
 'Cause we can make it we can see this through  
 Let me start by telling you:

Don't let me go when I'm this low  
 Why can't we talk about it?  
 Why can't we figure it out?  
 I wanna know as people grow  
 How do they sort it all out?  
 Work out what love is about?  
 So tell me now yeah I've gotta know  
 When this feeling I've got won't let go  
 So don't let me go
